

## United States Land Office,

B Sidney Neb.

July 11, 1894

County Judge

Gering Neb.

Sir:

I return herewith final proof of Mary J. Waggy for further evidence. As she has not taken out her final naturalization papers it will be necessary for her to furnish evidence as to the citizenship of her husband. If he is a naturalized citizen, a copy of his naturalization certificate must be furnished. If he is a native born citizen he must make affidavit to that effect. She must also make affidavit showing the date of her marriage, and whether or not her husband had a homestead claim. If he had a claim, the description of the land must be given and the date of final proof, if proof has been made.

You have also neglected to ask claimant question 14.

Respectfully,  
John W. Adams Register

Enclosures.
