See note in red ink, which Registers and Receivers will read and EXPLAIN THOROUGHLY to persons making application for lands where the affidavit is made before either of them.

Further land embraced in a homestead, or other entry not consummated, may be obtained in order to entitle the land and improve the premises, but for no other purpose. If after clearing the land for cultivation, there remains more timber than is required for improvement, there is no objection to the removal of the same, provided the land is being cleared of the timber for agriculture purposes in a quantity of feet which is liable to be timbered and any other purpose. It will subject the entry to cancellation, and the person who will be liable to see and the receipt of the value of such timber and also to obtain permission under section 2141 of the Revised Statutes.

NOTE.—It is required of the homestead settler that he shall reside upon and cultivate the land embraced in his homestead entry for a period of five years from the time of filing the affidavit, being also the date of entry. An abandonment of the land for more than six months works a forfeiture of the claim. Further, within two years from the expiration of the said five years he must file proof of his actual settlement and cultivation, failing to do which, his entry will be canceled. If the settler does not wish to remain five years on his tract, he can, at any time after six months, pay for it with cash or land warrants, upon making proof of settlement and cultivation from date of filing affidavit to the time of payment.
