Gentlemen : Please find Application , H.E. Affidavit of John E. Smith.  
A question arises as to his being a citizen , under the law.  
Smith claims that as his father was naturalized citizen of the  
United States prior to the time that he (affiant ) became of  
the age of twenty years of age. This bit of information  
I did not know before the papers were made out. However  
Should there be any difficulty on this point , he can make  
his declaration of intention to be naturalized. Mr Smith asks  
that you confere with me on this matter, as he lives a long  
distance from Gering.

Yours Truly,

M.J.Huffman.  
For Smith.

P.S. Enclosed P.O.O. for \$14.
