See note in red ink, which Registers and Receivers will read and EXPLAIN THOROUGHLY to persons making application for lands where the affidavit is made before either of them.

Thiander land, embraced in a homestead or other entry not consummated, may be obtained in order to cultivate the land and improve the premises, and for no other purpose. The land is hereby conveyed of its timber for homestead purposes to a settler under this act, provided the settler is not a person who has previously received a homestead entry for the same land, and the person who has not received a homestead entry for the same land will not be entitled to the same until he has received a homestead entry for the same land.

NOTE.—It is required of the homestead settler that he shall reside upon and cultivate the land embraced in his homestead entry for a period of five years from the time of filing the affidavit, being also the date of entry. An abandonment of the land for more than six months works a forfeiture of the claim. Further, within two years from the expiration of the said five years he must file proof of his actual settlement and cultivation, failing to do which, his entry will be canceled. If the settler does not wish to remain five years on his tract, he can, at any time after six months, pay for it with cash or land warrants, upon making proof of settlement and cultivation from date of filing affidavit to the time of payment.
