NOTE.—It is required of the homestead settler that he shall reside upon and cultivate the land embraced in his homestead entry for a period of five years from the time of filing the affidavit, being also the date of entry. An abandonment of the land for more than six months works a forfeiture of the claim. Further, within two years from the expiration of the said five years he must file proof of his actual settlement and cultivation, failing to do which, his entry will be canceled. If the settler does not wish to remain five years on his tract, he can, at any time after six months, pay for it with cash or land warrants, upon making proof of settlement and cultivation: from date of filing affidavit to the time of payment.

See note in red ink, which Registers and Receivers will read and EXPLAIN THOROUGHLY to persons making application for lands where the affidavit is made before either of them.

La. excess Sect. No. 657. 1 1/2 acres @ 12.50 p. acre = \$ 2 1/2

Timber land embraced in a homestead, or other entry not consummated, may be cleared in order to cultivate the land and improve the premises, and for no other purpose. If, after clearing the land for cultivation, there remains more timber than is required for improvement, there is no objection to the settler disposing of the same. But the question whether the land is being cleared or not under the provisions of the act is a question of fact which is to be determined by the Register and Receiver in each case. The Register and Receiver shall be held to the facts as stated in their reports, and shall be removed from office if they fail to observe the provisions of the act in relation to the disposal of the timber, and also to remove the same under Section 2290 of the Revised Statutes.
