See note in red ink, which Registers and Receivers will read and EXPLAIN THOROUGHLY to persons making application for lands where the affidavit is made before either of them.

Timber land embraced in a homestead, or other entry not consummated, may be cleared by order to cut down the land and improve the premises, but for no other purpose. If, after clearing the land for cultivation, there remains more timber than is required for improvements, there is no forfeiture of the claim. The settler may, at any time, sell the timber to be cleared at any time. If the timber is not sold and removed for any other purpose, the settler is not to be considered as having abandoned the land. The settler is not to be considered as having abandoned the land if he has not removed the timber, and if he has not removed the timber, and if he has not removed the timber, and if he has not removed the timber.

NOTE.—It is required of the homestead settler that he shall reside upon and cultivate the land embraced in his homestead entry for a period of five years from the time of filing the affidavit, being also the date of entry. An abandonment of the land for more than six months works a forfeiture of the claim. Further, within two years from the expiration of the said five years he must file proof of his actual settlement and cultivation, failing to do which, his entry will be canceled. If the settler does not wish to remain five years on his tract, he can, at any time after six months, pay for it with cash or land warrants, upon making proof of settlement and cultivation from date of filing affidavit to the time of payment.
